

CSWC Operational Period Summary

1800 May 14 to 0600 May 15 2014

Bernardo Fire, San Diego County - ABC10 San Diego photograph

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Significant Weather Watches and Warnings

Red Flag Warning:

- In effect through Thursday evening for areas in San Diego, Orange, Los Angeles, Ventura, Kern, Tulare Counties

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major construction U.S. Highway 50, Sacramento, Sacramento County

- Please see “Fix 50” slides for additional information, including alternate routes.

SITUATION SUMMARY

Governor Declares State of Emergency for the County of San Diego

On May 14, 2014, Governor Edmund G. Brown Jr. declared a State of Emergency in San Diego County due to the wildfires that have burned thousands of acres, destroyed homes and other structures, damaged critical infrastructure and caused the evacuation of thousands of residents.

Please click [here](#) to view the entire declaration and press release.

Fire Activity Southern California

Santa Barbara County:

Miguelito Incident – 600 acres 80% contained

San Diego County:

Pointsettia Incident - 400 acres 10% contained

Cocos Incident - 500 acres 0% contained

Highway Incident - 600 acres 0% contained

Bernardo Incident - 1,548 acres 50% contained

Tomahawk Incident - 6,000 acres 10% contained

Freeway Incident - 50 acres 0% contained

River Fire - 50 acres 0% contained

Aurora Fire - 17 acres 20% contained

[Click here to jump to current fire information](#)

Northern California – Significant Activity

Crude Oil Release, Los Angeles, Los Angeles County

- On 5/15/14 at 0016 hours, 20” pipeline valve malfunctioned resulting in the release of 8,000-10,000 gallons of crude oil.
- The pipeline was remotely shut off and the release has been stopped.
- An emergency dyke has been set up to contain the relapse and as a result, no waterways have been impacted.
- The area is a commercial/industrial area. No homes have been impacted and there are no affects on traffic.
- Cleanup crews are on site and cleanup operations are expected to take at least 24 hours.

“Fix 50” Information

Major construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is underway on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Roadway Construction Timing:

Eastbound Highway 50: April 22 – May 21

Phase 2: May 2 - May 21

- During Eastbound, Phase 2 (May 2 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

“Fix 50” Information (Cont.)

Major construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the EASTBOUND direction (April 22 – May 21):

If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

If traveling from Davis to Downtown Sacramento:

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

If traveling from Natomas/Davis to Rancho Cordova/Folsom:

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A weakening ridge of high pressure will allow for a cooling trend to begin today. Temps will remain warm through the Northwest California interior, but onshore flow along the coast will bring temps down by 10 to 15 degrees. An upper low will bring showers late in the weekend.

San Francisco Weather:

A slight cooling trend will begin this afternoon and continue into the weekend. By Sunday, temperatures will generally range from the 60s along the coast to the mid-70s inland, near normal for the middle of May. Otherwise, conditions will remain dry as the storm track remains to the north and east of the area.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Near-record temperatures through Thursday with limited cooling tonight as an upper level ridge builds over California. Cooling trend starts Friday and through the weekend with a slight chance of showers early next week as a trough moves through the Pacific Northwest.

Hanford Weather:

Strong high pressure over Central California with well above normal temperatures are expected through the remainder of the week. A cool down is expected this weekend and into early next week.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

The high pressure and light Santa Ana winds will bring another day of hot and dry weather today then cool a few degrees on Friday. An approaching low pressure and onshore breezes will continue to cool several degrees over the weekend and into next week.

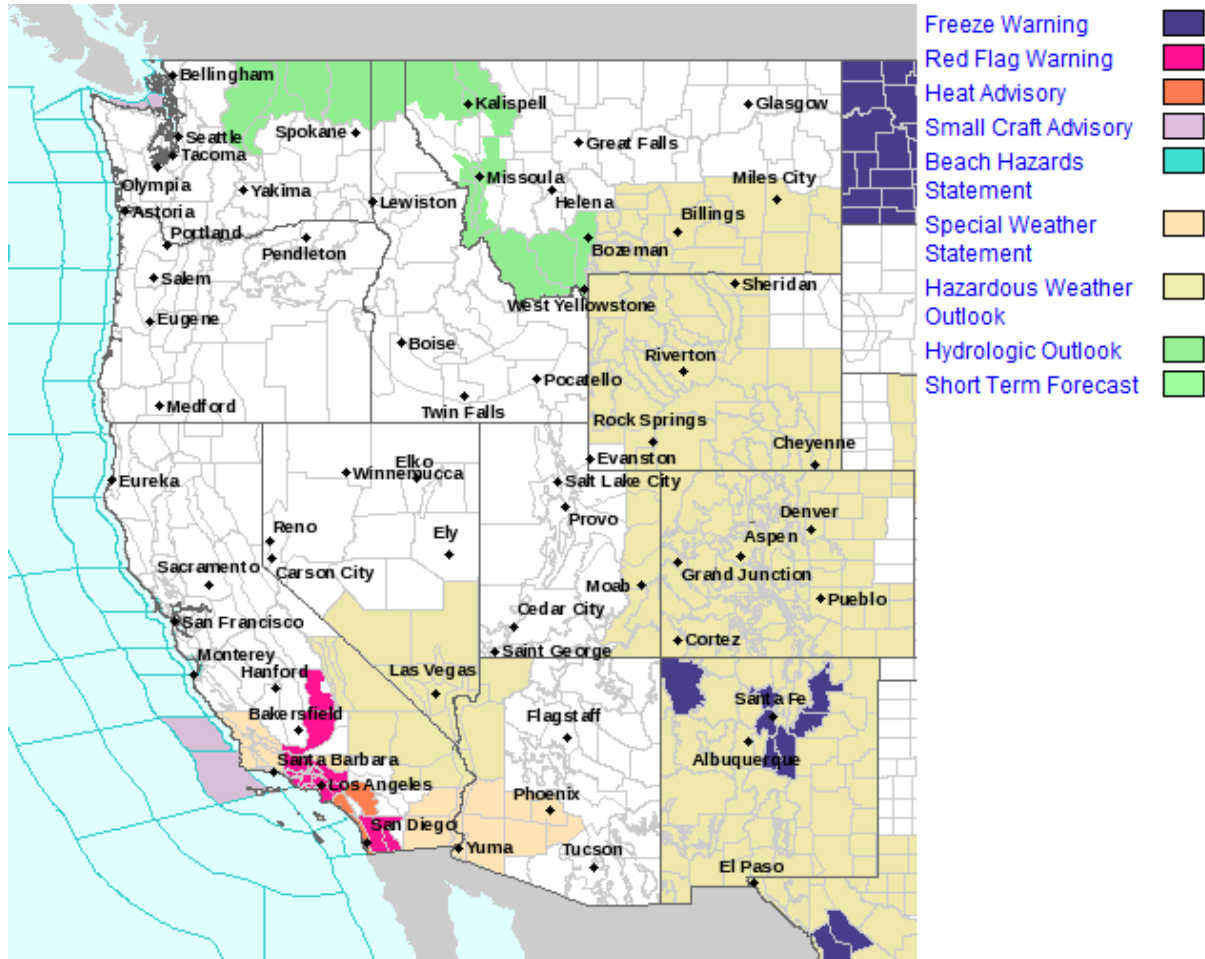

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Very hot and dry conditions will prevail across southern California again today with record breaking heat likely. Light to locally moderate offshore winds will be possible across the inland areas through the early afternoon with onshore flow developing along the coast. A cooling trend will develop along the coast on Friday spreading across the inland areas this weekend as the ridge slowly gives way to a digging trough. This trough will deepen over the west early next week with the marine layer and onshore flow returning as well as much cooler conditions prevailing across the Southland. Periods of gusty west winds will be possible in the mountains and deserts these days.

Southeast California Weather:

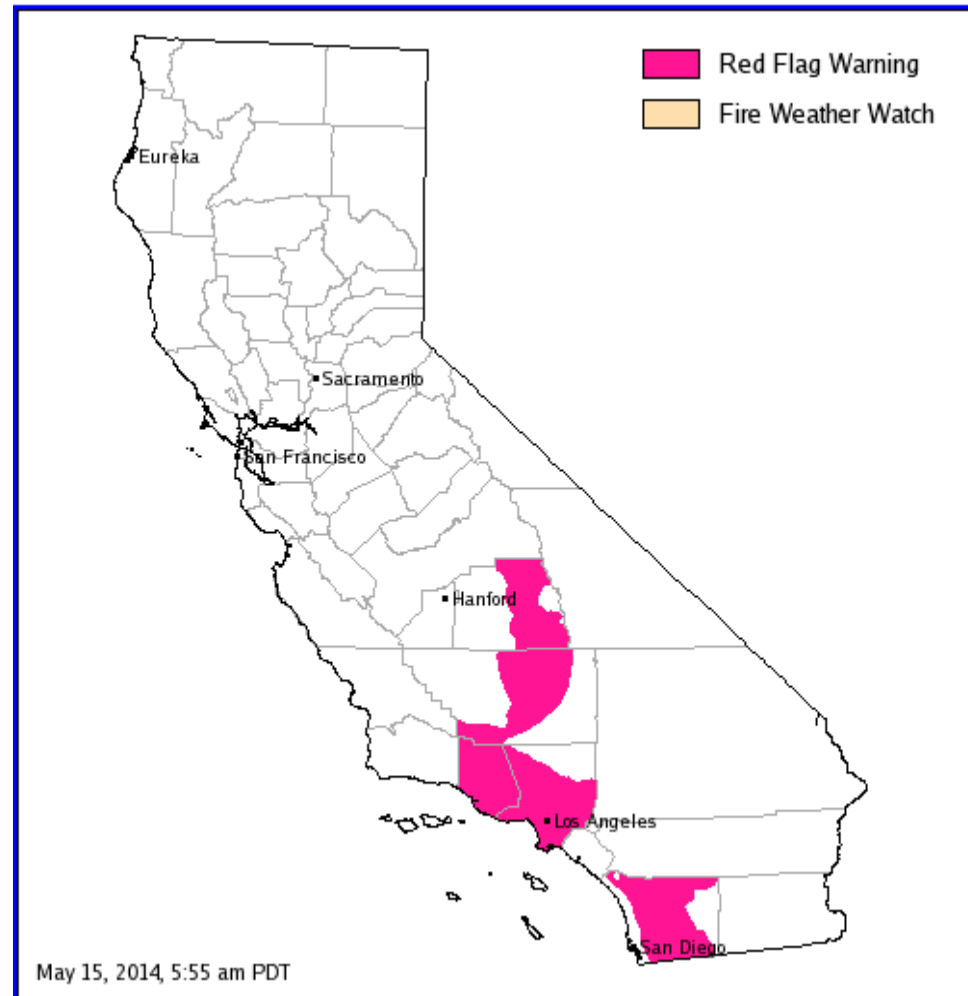

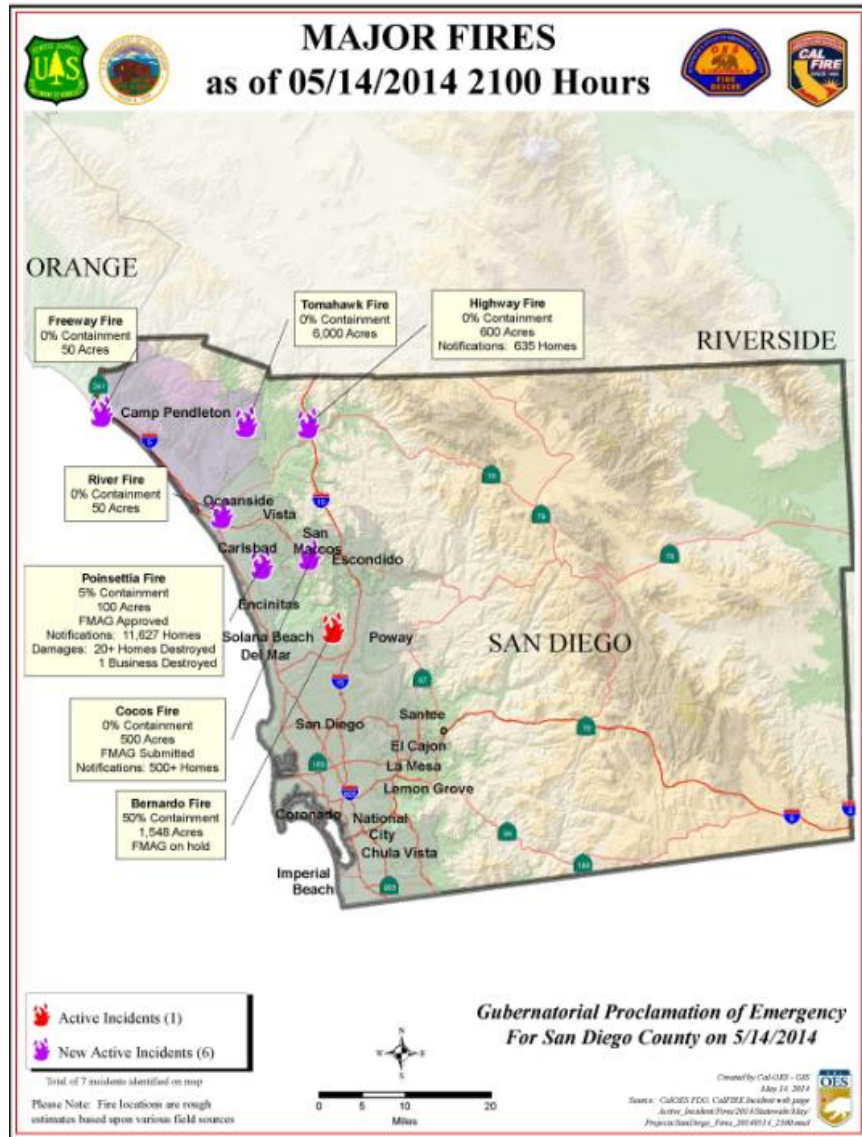

Strong high pressure will build for the remainder of the week leading to dry and warmer than normal weather heading into the weekend. High temperatures Friday through Sunday will easily exceed 100 degrees for most locations before a very nice cooling trend impacts the area next week.

Fire Activity Cal OES Duty Officer Deployments

- Cal OES Law Deputy Chief Dennis Beene is deployed to the San Diego DOC
- Assistant Chief Paul Walters is deployed to the Southern REOC
- Cal OES Fire Division has assigned 2 Assistant Chiefs to the Cocos Incident

SITUATION SUMMARY

Poinsettia Fire, Carlsbad, San Diego County

Fire Information:

- Jurisdiction: LRA
- Size: 400 acres, 10% contained
- Forward spread has been stopped; perimeter is holding

Emergency Management:

- A Fire Management Assistance Grant (FMAG) has been received by Cal OES and has been approved. The FEMA FMAG number will follow in approximately 1 – 2 days

Evacuations

- San Diego County Sheriff has used Reverse 911 to notify 70,589 homes
- Poinsettia and Aviara Oaks Elementary schools have been evacuated. Poinsettia students are going to Carrillo Elementary and Aviara Oaks students are being evacuated to Brighton Gardens of Carlsbad Senior Center, 2588 El Camino Real. Pacific Rim Elementary is sheltering in place at 1100 Camino de las Ondas.

Shelters

- Plaza Camino Real has been set up as a temporary evac point, La Costa Canyon High School and Calavera Hill Community Park have been set up as shelters.

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

SITUATION SUMMARY

Cocos Fire, San Diego County

Fire Information:

- Jurisdiction: LRA /FRA
- Size: 500 acres, 0% containment
- Moved from LRA to SRA
- Heavy Fuels
- Cal State San Marcos threatened

FMAG

- An FMAG has been received by Cal OES and has been approved by FEMA. A FEMA FMAG number will follow in 1 – 2 days.

Evacuations

- San Diego County Sheriff has used Reverse 911 to notify 21,027 homes
- 2,000 homes evacuated, 1,200 threatened

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

SITUATION SUMMARY

Highway Fire, San Diego County

Fire Information:

- Jurisdiction: SRA
- Size: 600 acres, 0% contained
- Slow rate of spread
- Immediate life and structure threat to Dulin Mobile Home Park. Sheltering in place
- Unified Command with North County Fire

Shelter

- Fallbrook High School has been established as a shelter.

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

SITUATION SUMMARY

Bernardo Incident, San Diego County

Fire Information:

- Jurisdiction: LRA threatening SRA
- Size: 1548 acres, 50% contained
- Fuels: Grass and medium brush

Emergency Management:

- A Fire Management Assistance Grant (FMAG) has been received by Cal OES and is currently on hold as it does not meet the FMAG criteria

Evacuations

- San Diego County Sheriff has used Reverse 911 to notify [22,000](#) homes

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 1 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

SITUATION SUMMARY

Tomahawk Fire, San Diego County

Fire Information:

- Jurisdiction: FRA
- Size: 6,000 acres, 10% containment
- Cal Fire is assisting
- Extreme fire behavior

Emergency Management:

Evacuations

- Base Housing structures threatened and being evacuated
- Evacuees are being sent to De Luz, Page Field House, Bldg 110 on base

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief Dennis Beene en-route to incident.

SITUATION SUMMARY

Freeway Fire, San Diego County

Fire Information:

- Jurisdiction: FRA (MCP)
- Size: 50 acres, 0% contained
- Heavy Brush fuels
- Forward rate of spread has been stopped

Evacuations

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

SITUATION SUMMARY

River Fire, San Diego County

Fire Information:

- Jurisdiction: LRA
- Size: 50 acres, 0% contained
- Rapid rate of spread
- Heavy brush, Riparian area
- Structure threat

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

SITUATION SUMMARY

Aurora Fire, San Diego County

Fire Information:

- Jurisdiction: LRA
- Size: 17 acres, 20% contained
- Forward spread stopped

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

SITUATION SUMMARY

Miguelito, Vegetation Fire, Santa Barbara County

Fire Information:

- Jurisdiction: SRA / LRA
- Size: 600 acres, 80% contained
- Fuels Medium to Heavy Brush

Emergency Management:

FMAG

- An FMAG has been received by Cal OES and is currently on hold as it does not meet the FMAG criteria

Evacuations

- Per Santa Barbara County OEM, evacuations have been lifted for all areas other than Miguelito Canyon and residents are returning to their homes

Activations

- Southern REOC is currently activated at Level 2
- Santa Barbara County EOC is currently activated at Level 1

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident

CAL OES DROUGHT ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

Closed Cal OES Missions

- **2014-LAW-3185** Sacramento County Sheriff's Office is requesting two Human Remains Detection (HRD) K9s to assist with a homicide investigation. Cal OES Law Duty Officer is coordinating resources. As of 2230 hours, Cal OES K9 Coordinator confirmed that 2 HRD K9 teams have been assigned. [No evidence has been located and there are no plans to utilize any additional out-of-county mutual aid.](#) **Mission Closed.**

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
